

EDUCATION

Indian School of Business | PGP | Intended Majors - Strategy and Leadership | GRE 333/340 (Top5%) Apr'26 - Ongoing

- **Taparia Scholar (5/850+ applicants):** Awarded **100% tuition fee waiver (₹25.6 Lakhs)** based on pre-MBA academic and professional excellence
- **National Runner Up (2/3.2K), Mentos x IIM-B:** Built **AI student success** venture targeting **20x scale (3 to 60 campuses)** at a **28% margin**
- **International Finalist (10/2K+, 6+ countries), IIM-A STRAITS'26:** Countered **Hormuz risk** via sovereign bypass, protecting **40% EBITDA**
- **ELP, NephroPlus, Philippines (Ongoing):** Building a **churn-prediction model (4x lift over baseline)** for a **2,880-patient** network across **52 centers**
- **Event & Marketing Coordinator, EVC:** Mobilized **20+ founders** and **120+ students** via Consult-a-Startup, tackling GTM & pricing issues
 - Launched **‘Deal Desk’** for **10+ VC funds** (Accel, Atrium, Northern Arc), building & training **120 student** scout network to **source deals**

Mahindra Ecole Centrale | Bachelor of Technology in Mechanical Engineering | 8.9/10 Jun '19 - May '23

- **Scholar of Excellence Award (Gold Medal):** Ranked **1** among cohort for sustaining academic excellence across **four undergrad years**
- **Merit Scholarship (Top 5%):** Won **25% tuition fee waiver** for **3 consecutive years** for consistent academic performance & distinction
- **National Semi-Finalist (50/4K teams), L&T Techgium:** Pioneered SUV-sized mobile living space at **₹4.05L** estimated **retrofit cost**
- **Campus Finalist (8/750 teams), Babson Challenge'22:** Designed Agri-fintech model linking investors and farmers, **targeting 20% ROI**

Sri Chaitanya Educational Institutes | **Class XII: 96.7%** (State Board) | **Class X: 10/10 CGPA** (SSC)

WORK & ENTREPRENEURIAL EXPERIENCE

Tools & Technologies: Figma | Python | Excel | SQL | Power BI | Tableau | JIRA | Meta Business Suite | HPC/Cluster Computing | Insta Ads
Key Skills: Product Roadmap | GTM Strategy | Product Strategy | Primary Research | Prioritization | Experimentation | A/B Testing
Mahindra University | Junior Research Fellow | Hyderabad Jun'24 - Oct '25

Steered a 12-month wing-optimization program as sole researcher, generating NASA-validated data feeding a 95% accurate ML pipeline
Product Ownership & Data Driven Decision Making:

- Achieved **95% ML accuracy** (vs. ~60% baseline) outperforming best **CFD algorithm** by ~5x on a GPU-accelerated aerodynamic model
 - Built the sole **aerodynamic dataset** (6 configs, 3 approaches) enabling **ML training** validated against NASA wind-tunnel benchmarks
- **Pioneered 2 novel geometric parameters**, expanding the design space to **12 variations** (vs. **typical 2**); under **IEEE review (20% acceptance)**
- Owned an **aerospace research** program typically staffed by 3, optimizing wing designs to validate the **ML algorithm** presented to **DRDO, GOI**

Process Optimization & Automation:

- Engineered **3 automation tools** that cut deliverable cycle **time 25% (24 to 18 hrs)**, eliminating manual errors across **100 validated runs**
- Slashed data-prep **turnaround ~80%** by automating file conversion across **7 formats**, clearing a bottleneck that **stalled delivery 6+ weeks**
- **Debugged** a critical data-accuracy **defect in 24 hrs** (vs. a **7-day baseline**), **averting a 3-week delay** and safeguarding the ML pipeline
- Standardized **2 inconsistent simulation models** into a single playbook, becoming the team's go-to reference for resolving setup issues

Stakeholder Management & Leadership:

- Sustained **12-month program delivery** through daily progress reporting to Dean R&D, coordinating **2 faculty** and **1 doctoral researcher**
- Mitigated program delays by supporting **5+ DRDO formal reviews**, briefing **2 senior faculty** on key deliverables & milestone validation

Skiaverse Private Limited | Co-Founder & Director | Hyderabad Jun'23 - Jun'24

Founded and scaled a gamified talent-discovery platform leading a 9-member core founding team, reaching 5,000+ users across 3 campuses

Product Strategy:

- Achieved **150% MoM acquisition**, repositioning **product strategy** around a gamified model (**500+** respondents), securing preincubation **PMF**
- Ranked **Top 3 of 75+**, secured **₹2.5L in AWS credits & 18-month incubation** at AIC Pre-Incubation by pitching product, demo and plan
- Onboarded a professor and **2x company founder** as our **Director and Advisor**, securing **live institutional pilots** across 2 universities

Product Development & Leadership:

- Scaled to **5K+ users** within **3 months** by rapidly growing a **9-member** cross-functional team in product, tech and business development
- Led a **3-member design** team, delivering **100+ UI/UX** screens across **4 core product modules** and website to expedite time-to-launch
- Boosted **peak DAU to 800+** across **3 campuses** by launching gamified competitions, **retaining a 200+ DAU** floor between live campus events
 - Maintained an active **40+ member** Discord community as the platform's dedicated support channel, sustaining **retention between events**

Growth & Go-to-Market (B2B Wedge):

- Landed 2 institutions onto a B2B ERM tool, automating a manual NIRF/accreditation process; spanning approvals and club-performance
 - Used **ERM system** as a low-friction entry point starting with a narrow, high-need workflow to unlock a **wider institution adoption**
- Achieved **~15% adoption by piloting** the budget-tracking module across **30 clubs at 1 partner university**, validating a scalable model
- Expanded reach across **new universities** by recruiting **5 campus ambassadors**, driving a **20% adoption** increase at **zero CAC**

User Engagement & Retention:

- Grew student participation by **20% (700+ students)** by designing gamified leaderboards, multi-day tracks and quests across **2 campuses**
- Secured **15% adoption** across **35+ cultural-fest** competitions via automating registration and building **500+ question** quest-based engine

INTERNSHIP EXPERIENCE

ThermoFisher Scientific | Program Management Intern | Hyderabad Jan '23 - Jul '23

Operational Excellence & Process Governance:

- Reduced TAT from **4 hours to <1 minute** and achieved **99.6% process efficiency** by automating manual **risk reporting**, in project tracking
- Accelerated **project reviews by 60%** across **30+ projects** for a **6-member team** by implementing a standard PMO workflow checklist
- Strengthened **milestone governance** by tracking **15+ risks and dependencies**, enabling faster cross-functional phase-gate decisions

EXTRA-CURRICULAR ACTIVITIES

- Awarded **Best Film** at **Vasavi Film Festival' 2026** for “Tarunam,” garnering **38K+ YouTube views** through a featured acting role in film
- Videography: Drove **90K+ cumulative views** in 1 month by shooting reels for ISB Dance Club Instagram account, **boosting digital reach**
- Led **Airo'22 annual sports fest**, coordinating a **10** university inter-college tournament while **captaining team of 11** for cricket squad
- Coordinated a **blood donation** drive at Mahindra University with NTR Trust, mobilizing **70 volunteers** to collect **205 units in 9 hours**
- Student Mentor, MU: Guided **9 freshmen** on academic & career issues; **6 secured 7.5+ CGPA**, while **5** earned on-campus placements
